HOW AN ARMOUR SALESMAN HELPS MAKE YOUR FARMING MORE SECURE!

You've probably never thought of an Armour salesman as having anything to do with your farm business. But actually he is serving you in a very important way. The 5,000 Armour salesmen working out of the many Armour Sales Branches and Plants, aggressively seek out the best possible markets for the products made from your farm "raw materials."

Yes, Armour products are sold in the consumer markets where demand is greatest. This helps to strengthen your market for cattle, hogs, sheep, poultry, milk and eggs. So, in effect, an Armour salesman—like hundreds of other Armour and Company employees in important jobs—is helping to make your farming more secure.

HOW TO BE YOUR OWN BEST CUSTOMER ...

Next time you go shopping and see the Armour name on food products or on soap, remember that the "raw materials" used to make these quality products may have come from your own farm. So try some—start being your own best customer, today!

AN INVITATION TO BECOME A MEMBER

The Eastern National Livestock Show, Inc., is composed mainly of people who are interested in livestock development in the eastern states in particular and agriculture in general. The fact that the Eastern National is extending its base of influence, necessitates a solicitation for increased membership to place it on a sound financial basis and assure its continuing success.

Particularly, every breeder and every business man who is located within the scope of influence of this Show should become a member of the Eastern National and help to support it. In fact, any friend of agriculture and the livestock industry should want to become identified with this great Show.

Therefore, if you have not already become a member of the Eastern National Livestock Show, Inc., we invite you to join with us in this worthwhile project and shall appreciate your check for \$25 to cover membership dues. We also solicit those who can afford to do so, to make as generous as possible subscription to its Sustaining Fund. Don't wait for a personal solicitation. Draw your check and send it to Maryland State Fair Grounds, Timonium, Maryland, or if you are visiting the Show you can leave it at the Show office.

I know that it will be a source of real satisfaction to you to be associated with this show, and needless to say, we shall appreciate your support very much.

UNION STOCK YARD COMPANY

BALTIMORE, 23, MD.

OUR BUSINESS is the link between the **packer** and **producer** of livestock.

THE SERVICES WE RENDER are important. This is reflected in the ever-increasing daily consignments arriving at the Yards to be sold by commission firms.

Ship your livestock to a market that is served by competent commission firms; where there are buyers for all classes of livestock regardless of type or finish.

THERE ARE GREATER NET RETURNS from a market where there is daily competition among many local and out of town buyers. LET US PROVE IT TO YOU!

LAWRENCE R. HATTER,
President

TOP BREEDING . . .

Demands Top Quality Feeding!

YOU can always be sure your livestock are getting the best quality feed available when you give them Southern States Feeds. Southern States feeds are made entirely of quality grains and ingredients . . . ingredients purchased according to rigid specifications and formulated to provide the greatest feeding value at the lowest possible cost.

LOOK at a bag of Southern States feed. Read the formula on the tag or ask any Cooperative Service Agency to see the formula. There are no secrets about it. And you'll find no wasteful "fillers" or hidden ingredients in the feed either. You know what you are getting in a bag of Southern States feed . . . you **know** you are getting the best.

**SAVE
THREE WEEKS
BARN
FEEDING**

Fertilize Your Pastures Now With

DAYCO GRANULATED

PRODUCE HEALTHIER,

MORE PROFITABLE LIVESTOCK

By fertilizing your pastures now, you hurry up the early bite of mineral-rich grasses. You'll be able to save costly barn feeding by getting your livestock out of the barn up to three weeks earlier this Spring and keeping them out weeks later in the Fall.

By using Davco Granulated, you make the job a lot easier on yourself too. You see, Davco is put through a special granulating process that forms it into porous individually-hardened particles. So, dusting and caking are a headache you can forget—because Davco Granulated slides “free and easy” through the drill and stays right where you put it. Every part of the pasture gets just the right amount of the right fertilizer—Davco Granulated.

BETTER GRAZING

BEGINS WITH

V-C

V-C Fertilizers help grazing crops to make quick, vigorous growth, rich in proteins, minerals, vitamins and other nutrients. Grazing this high-quality, appetizing, green forage, dairy cows increase milk production and meat animals rapidly put on valuable weight.

When you use enough V-C Fertilizers, you not only produce more and better grazing. You also extend your grazing season early and late—thus getting many extra grazing days. By producing low-cost, high-quality, green feed, which animals can harvest, V-C Fertilizers save labor and reduce expensive barn feeding.

See your V-C Agent! Tell him you want the right V-C Fertilizers for your grazing crops. Better grazing begins with V-C Fertilizers!
